husky

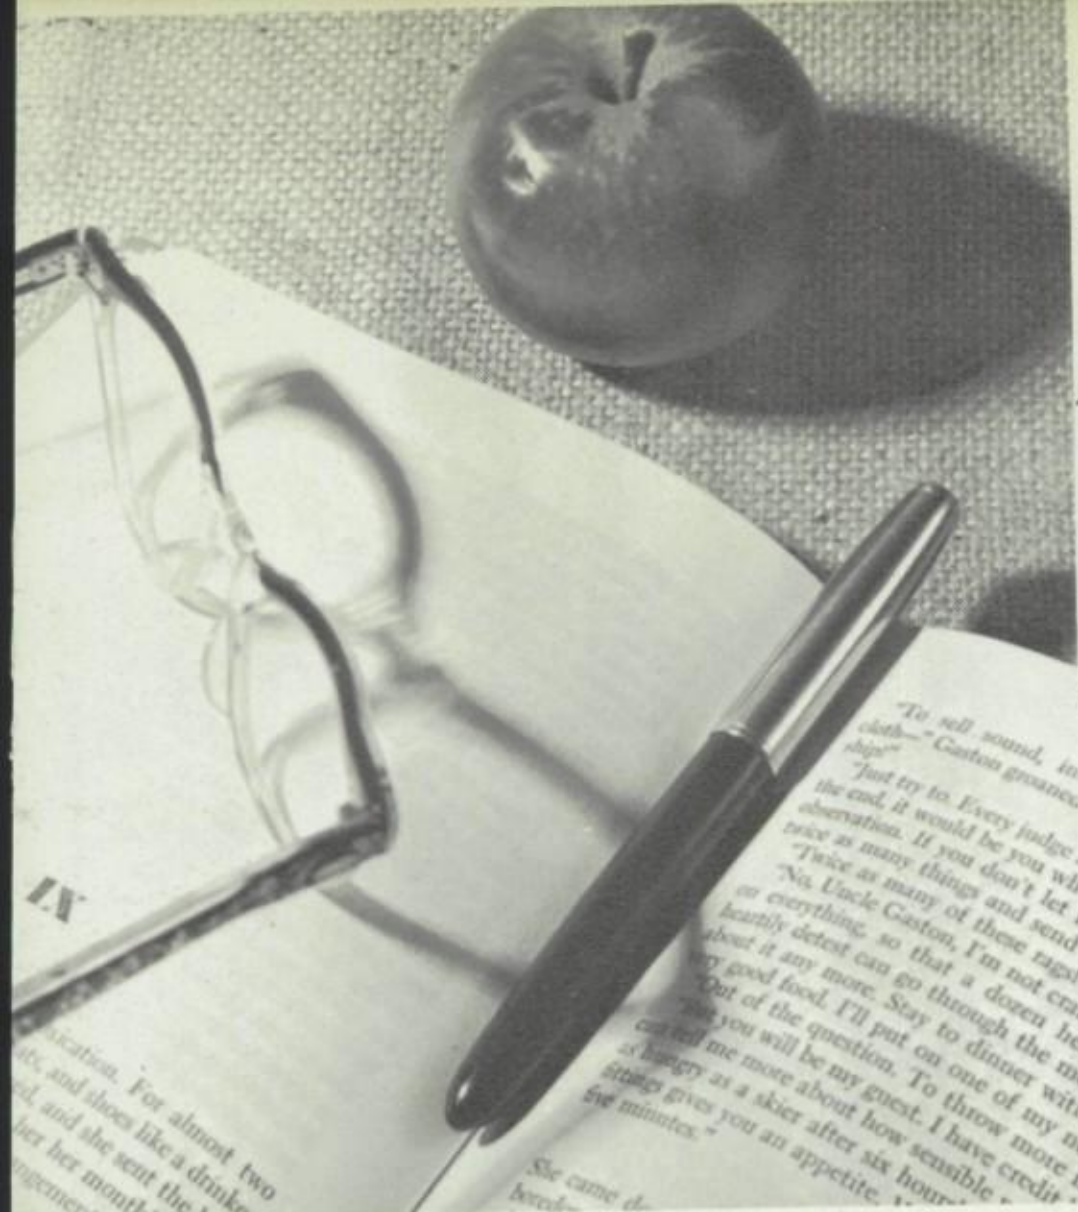

Good luck in
 the future
 Joyce Scott

It is with a feeling of warm gratitude the Husky staff of 1962, on behalf of Hughson Union High School, dedicates this edition to Mr. Robert R. Reeder.

In just two short years he has become to us the symbol of tenacity, fair play, honesty, and other fine attributes we as students hope some day to possess.

We thank you, Mr. Reeder, for the many contributions and endless service to us.

Stay out of town this summer. Healthy. The ~~hills~~ hills and they will be thick and they will take you back to m^{exico}. Your not really a mexican grows just kidding your pal Michael Dale France

School Staff

After last year's outstanding Husky, we are very anxious to see what our fine yearbook staff and their advisor has produced for this year. Your Husky records much of the play, happiness, and fun in high school life. But between the lines, one can also see the seriousness of purpose that is in our high school. Cherish your Husky, for in a sense it represents eternal youth for you. All you need do to relive your happy high school moments is to open your Husky any day of your life.

DEAN OF GIRLS

Due to the efforts of our annual staff and their advisor, I am sure that this Husky will enable you to review with pride your "educational adventure" during the 1961-62 school year. It will also enable me to fondly remember the enjoyment I have experienced in being your Dean of Girls.

It is my sincere desire that the benefits of your training and associations at Hughson High School will provide each of you with a passport to a rich and meaningful life.

MISS BONNIE THOMPSON

DEAN OF BOYS

I would like to extend my appreciation to the entire student body for making my change from a classroom teacher to Dean of Boys an enjoyable one.

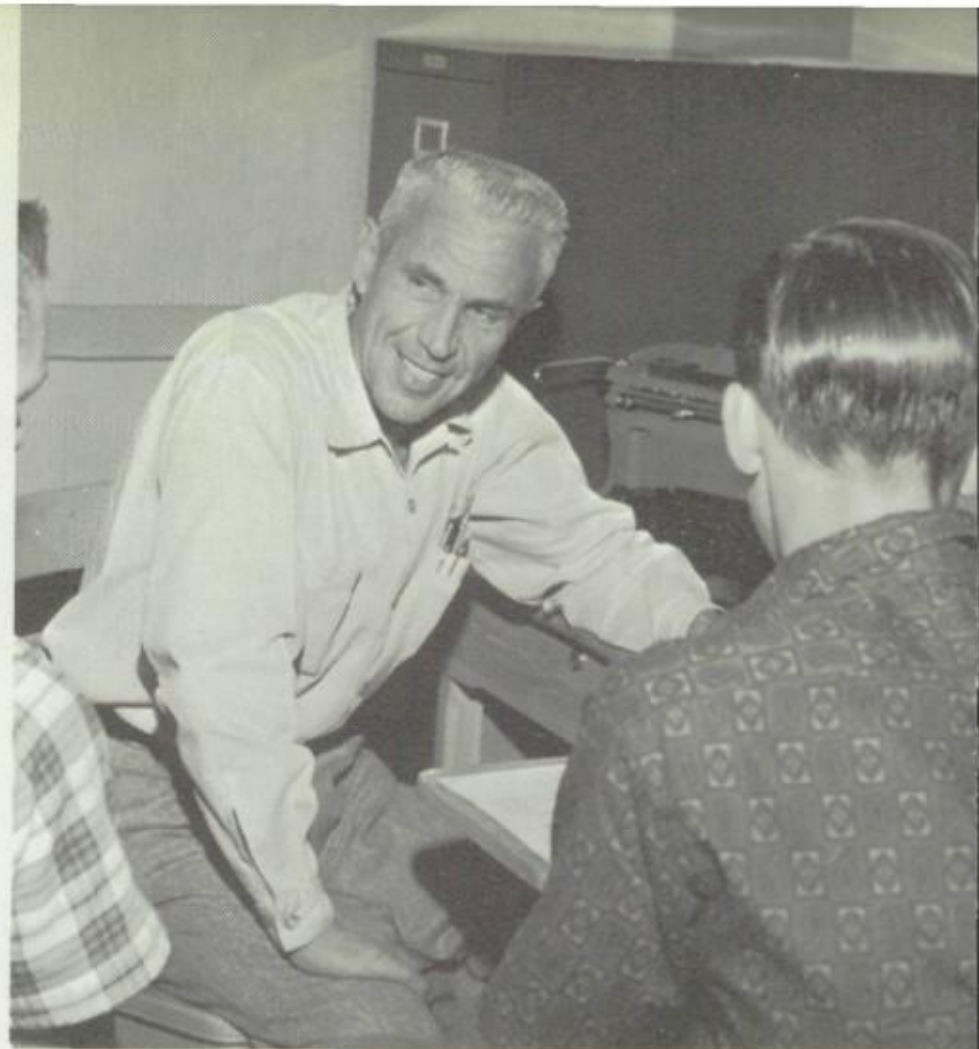

I would also, at this time, like to thank the staff and board for their sincere thoughtfulness and cooperation they have given me.

Kathy,

Nothing much to say
because I've already said it
all. You're a real pretty girl
and also a very nice one.

Like you say we weren't
very close last year but I
hope this year was different.

Congratulations on being "B"
queen and yell leader I'm

sure you'll really rplp it up next year you and Dma (Lynn)
maybe next year you'll have better luck in alpha. (maybe).
at least there's one good thing about being a yell leader
you'll have to go to all the games. Especially ~~basketball~~ football
and then you can watch me get killed by all the half-
breeds and Mexicans and Niggers. You're a real sweet kid
and I've had a load of fun with you. I've enjoyed having
you in English with me and I hope you'll be with

Sophomores

Be good with all the other boys (that better not be true)
me & Doug in English with Mr. Bullard. HA! HA! Running

Really - just think! We've only known each other for two years and we've had so much fun together. NEVER FORGET the tractor ride, swinging on the rope, the cracking sticks, the signs on the lawn, the sob circle, the swimming at the canals, the games & dances. You'll never know how happy & proud I was of you when you got Homecoming Queen. By all means, never forget

that crazy flat tire, you walking around saying "I wanna go to the lake" and those boys sitting there laughing, their 2 1/2 mile hike and our tire changing, Jack slipping etc. It's been so much fun in our gang of five and we've done so many things - mostly just this year - that we'll be able to look back upon when we're either old maids or married hags and remember just how much fun we had. And now we have next year to look forward to, the prom, you and Lynn as

activities

have our licenses next year & let's count on having as much if not more next year. (Cynthia hopes we see each other alot this summer.)

Being a sophomore, is really a time of
mostly goofing off. I had alot of
fun, especially with Kenny this year,
I guess he's about the only boy
I was ever with to speak of, but
I'm glad. Even though he did do,
almost everything together he also did
about all of our fighting together, &
that, there was alot of. But it
always turned out
for the best,
because they're still
together. So it seems.
